Vol. 116 No. 25 | Cameron, Milam County, Texas, Thursday, June 5, 1975 | 12 Pages Today

116 With F.M.L.

Some personal files were turned over to me the other day and among them was a piece of poetry I had forgotten I wrote in the army days, the '50's.

As I recall, I was OD (Officer of the Day) in this battalion which meant I was in charge of guard detail over night. It was routine for second lieutenants who caught OD on duty roster basis.

Anyway, this kind of duty is dull, but necessary, I suppose, and I sat down in front of a vacant typewriter in battalion headquarters and rapped this out.

It may convince people that I came to Cameron with questions in mind, many of them still unanswered, and not just some reflex attitude about things in Central Texas. It goes like this:

A Search

I sit, I ponder: I flit, I wander:
Mind here, mind there without goal
Guiding fingers to each intellectual pole.

Typewriter clacking, tick-tick tacking.
Scoring thoughts without number
Through whirls of conscious slumber.

Injustice, justice, modernes and rustics,
Weighed by psyche, swayed by emotion,
Altogether swirled in fathomless ocean.

A poet, a judge, a slave to a knave
Called living am I and all others:
So on fly my fingers, the mind's scribe-like brothers.

Things blur, grow hazy: then clear less crazy:
Real blends with unreal casting illusions.
Every day, all days leave naught but confusions.

Still--

I sit, I ponder: I flit, I wander:
Mind here, mind there without goal
Guiding fingers to each intellectual pole.

--FML

116-116-116

For those who wince at the use of "I" in this and many columns, don't! The first person reference is only an easy subject useful to essayists who are supposed to write about something they know.

An essayist is his own guinea pig and is usually an inordinate fool by using himself for writing material. But if he is lucky, he knows something of himself.

There is such forced vagueness in the editorial "we", it is out of place in a personal column. So humor me. You may find something of yourself in whatever universal "I" is revealed.

In the early years of The Herald's renaissance, about all going full tilt here was my ego. Fundamentalists will find this enormously "sinful," adversaries will find it convenient to be used against me and those important to me will think I am daft, though affable.

My defense is founded in absolute contempt for tokenism.

GED Test Saturday

The GED test for high school equivalency will be given Saturday, June 7 at the Milano High School, the last of such tests until September.

The test will start at 8:30 a.m.

Folk Fete '75 Opening Here

Folk Fete '75, opened by Saturday's Marathon, will continue here starting with a queen's contest Thursday night and continue through Sunday, with music, a parade, dancers, and good food awaiting visitors from far and wide.

Months of preparation have gone into this year's Fete with more events scheduled, including a chili cookoff and an armadillo race, both on Sunday at the National Guard Armory.

The queen's contest will be held Thursday night at 7:30 in the Methodist Fellowship Hall. Regina Woodum, chairman of the contest, said there are 12 entries from all over the county. The girls will be judged in sportswear, evening gown, and talent. She said talent for the 12 includes twirling, piano, solo, dramatic reading, and dance.

The queen and her court will ride on a special float in Saturday's parade sponsored by the Arts and Service League. Last year's queen will crown this year's queen after the judging.

Activities will get underway at the Armory starting at 5 p.m. Friday when food booths with Czech, German, Mexican, Western, and modern food open for serving. Arts and Crafts booths and service and civic club booths will also be open.

At 6 p.m. on the downtown mall there will be the first Folk Fete tricycle and bicycle races which will be run along city streets blocked off for the races.

The armory will open for admission at 6 p.m. with Der Rhine Steins opening the program. At 7, the Hoedowners, a square dance group from Harker Heights, will continue the program. From 8 until 12 there will be a dance with music by the Moods of Country Music.

Admission to the Armory will be $3 Friday night for the dance. On Saturday and Sunday, children under 6 will be admitted free, those from 6 to 13 charged 50 cents, and 14 and over, $2.50.

Entries for the annual parade at 10 a.m. Saturday downtown will gather on Main St. to line up starting at 9 a.m. The parade will include floats, bands, clowns, cars, horses, and numerous "fun" entries. The parade will pass a reviewing stand on the mall where the judges will make their choices for this year's trophies.

The trophies will be presented after the parade then dignitaries and out of town parade entrants will be feted at a gathering at the Chamber of Commerce office.

Also after the parade at 11, there will be a Sing-Along on the mall with choirs and other musical features, including community singing.

The Yoe High Band will be playing from 11 a.m. at the armory grounds and the armory will open for admission at 12 noon. Booths will open Saturday morning at 11 a.m.

Dance music by Jerry Haisler and The Melody Five will be played during the afternoon and for a dance that night. Mexican Folk Dancers from Round Rock will perform at 2 p.m. followed by the Cameron German Folk Dancers. Both groups will dance again at 4 p.m. for the Mexican Dancers and 5 p.m. for the German.

At 6 p.m. the Seaton Youth Club Dancers from Seaton SPJST will perform followed by Der Rhine Steins. At 7 a Czech choral group from Seaton SPJST will perform with music by Der Rhine Steins. The Beseda Dancers from Seaton SPJST will provide entertainment starting at 8 p.m.

READY FOR THE SKILLET--Tony Gaas, left, and Sid Duderstadt hold fine catfish such as these to be cooked and eaten att this year's Folk Fete. The fried catfish booth will be sponsored by the Agriculture Committee of the Cameron Chamber of Commerce. Other booths also offer fine eating starting Friday evening and running through Sunday.

On Sunday, booths and the armory will open at 12 noon, with music in the armory by Star-Baby, a Cameron rock music group. The Black Modern Dancers will perform at 12:30 p.m. with Star-Baby playing agin at 12:45.

The Ethnic Studies Group Dancers from Temple will take over at 1:15 and a dance with music by Jerry Haisler and The Melody Five will follow. Ed Kadlecek, accordianist and family from New Braunfels will perform at 3 p.m., followed by "A Bit of Irish," folk music and dances of Ireland. Kadlecek will also play at 5 p.m.

Music for Sunday night's dance will be furnished by Vrazel Polka Band of Cameron.

Also on the grounds Sunday at 1 p.m. the "Thoroughbred" armadillo race will get underway. Entries should be at the armory at 12 noon. This should be one of the funniest sights in the whole fete.

New this year is a chili cookoff which starts at 1 p.m. with judging at 5. Johnny Barrett, chairman of the cookoff, said he is expecting 15 entries, 6 of whom have already signed up.

They include Buddy Wernli of Thorndale, Hilly-Dilly Chili; Mrs. R. B. Harrell, Lyons, Deer Chili; Goodson Brothers, Giddings, Hillbilly Chili; Hundle and Stanislaw of Cameron, Lone Star Chili; Mr. and Mrs. David Westerman of Thorndale, South-of-the-Border Chili; and Leroy Tieman of Thorndale, Mr. Poor-Boy Chili.

Mayor Asks Review Of Motion 'Sewing Up' Street Department

A motion passed at the last council meeting came up for more discussion at Tuesday's council meeting as Mayor Gene Blake said the rule would keep Street Supt. Walter Wallace from doing needed street work without recourse to a committee and the council.

The motion, as it appears in the minutes, reads:

"That a committee consisting of three members of the council be formed to receive proposals, meet with officials, citizens, agencies, departments, etc. on all streets, drainage, curb, and gutter programs including reworking of gravel streets being of a local, county, state, or federal in nature. The committee will receive, study, review, and recommend to the mayor and council action to be taken on all projects, keeping the best interest of our community in mind and working up a proposed master street program."

The motion was drawn up by councilman Gene Lumpkin and seconded by councilman Ernest Moore. The committee appointed includes Lawrence Zotz, Jan Lucke, and Moore.

Mayor Blake said the motion "has the street department sewed up," and said according to the motion the street department can't even grade a gravel street unless the committee meets and makes a recommendation to the council.

Blake asked the committee to meet and make a proposal to the council on amending the motion. A report will be given at the next meeting, which is set for June 24.

In other business, council heard Charles Hunter, Regional Liason Officer for the DPS Disaster Emergency Services outline a program available to the city for working on a civil preparedness plan.

Hunter said the city could gain by becoming qualified under the Texas Disaster Act of 1973. He said surplus property would become available for the city's use free of charge including such items as trucks, emergency generators, furniture, and other surplus equipment. The equipment would be used for any emergency such as fire or failure of electricity.

The council authorized the mayor to designate an assistant coordinator to serve with him in drawing up an emergency preparedness plan for the city. Blake appointed Felix Matula to the post. Hunter will work with Matula and Blake on the plan.

Two residents appeared before the council complaining about code violations. John H. Davis told the council that equipment, lumber, and other junk has been moved in on a vacant lot across from his home. He said the junk had been removed once upon complaint but had been moved back. Code Inspector F. A. Bigbee said the owner of the property would be filed on if he fails to clean up the lot.

The other complaint concerned livestock on West 8 St. Jerry Whiteside said cows and hogs had been moved once but were back in the same place, creating a stench in the neighborhood. Bigbee was instructed to work with the health department in getting the animals removed.

Council voted to refer purchase of $1,000 in additional Christmas decorations to the Chamber of Commerce. Discussion centered on the fact that there is at this time no suitable and safe place for storing the decorations during the year.

Bigbee proposed that "since Wallace will be slowed down," he take a complete inventory of "blind corners" in the city and clean shoe polish off street signs.

Mayor Blake read a letter of resignation from Police Chief Felipe Martinez and said Sgt. Kent Butler has been named acting chief. Councilman Lincoln Mondrik offered a motion that the city place an ad for securing a new chief. Mayor Blake said he recommended that it not be done at this time.

The mayor read a letter from James Lafferty resigning from the Bicentennial Commission and the Planning Commission. Lafferty is moving to Rockdale. Mrs. L. W. Stroup was appointed chairman of the Bicentennial Commission to replace Lafferty and Larry Morrow was named co-chairman.

A bid of $1,213.60 was accepted for a new fogging machine to replace the old one.

Council also authorized the Fire Department to use budget funds to attend the state fire convention.

Green Thumb Workers Returning To Jobs

Work crews for Texas Farmers Union Green Thumb will be returning to work on June 16, according to State Director David Hartwig. Congressional action has prompted the release of $12 million to Green Thumb and four more national contractors which had been appropriated last December.

The release of these funds will allow 196 men to return to projects which were interrupted in April. This means that work on park development, school repairs, and other community improvement projects will be completed in 22 counties now being served by Green Thumb crews.

Crews will start work in Swisher, Briscoe, Lamb, Hale, Floyd, Montley, Terry, Crosby, Dickens, Garza, Dawson, Bosque, Navarro, McLennan, Bell Falls, Milam, Lee, Travis, Williamson, Bastrop, and Fayette.

Sponsored by the Texas Farmers Union, Green Thumb employes low-income rural persons age 55 and over. The workers provide the know how and the manpower to do improvement projects such as described above.

Individual placements also assist local communities by strengthening social services as teacher's aides, library aides, senior center assistants, and nutrition site workers Statewide, Texas Green Thumb currently has 291 persons working in 29 counties.

Gause Second In Improvement Judging Tour

By John E. Snell

The Gause Community was visited and judged in the Region Three Texas Community Improvement Judging Tour in May.

The community was designated as second place winner in Region Three by the regional judges. Regional judges were: Dr. Burl Richardson, extension program specialist from Texas A&M University; Garland McIlveen, program specialist from Prairie View A&M University; and Miss Mary Cothran, retired district Extension agent from Oklahoma.

Gause was first runner-up in an area of approximately 60 counties and second only to last year's state winner in Region Three. The Dike Community in Hopkins County placed first.

The Gause Community will receive a total of $300 in cash awards for its Community Improvement efforts in the 1974-75 Community Improvement contest. The Community won $100 for placing first in District 10 competition and $200 for placing second in Regional Three Competition. A Community Improvement Awards program will be held in Gause in the month of June or July.

Latexo of Houston County won first place in the state this year. Little River-Academy in Bell County won second place, Era in Cooke County won third place, and Dike Community which won the state last year, placed fourth.

'Tree Beavers' Win Trophy In First Marathon

The "Tree Beavers" won the trophy for the first Folk Fete Marathon held Saturday as teams put in eight miles of running and bike riding.

The team, which will keep the trophy until next year's Marathon, includes Will Porubsky, Steven Haag, Randy Miller, David Fikes, Clifford Krall, and Roy Tindall.

The races began eight miles out on Highway 36 near Buckholts and Highway 77 near Ben Arnold. Alternating with bikes and runners, the teams advanced to the mall to win.

The "Last Chance" team included Don Chase, Gary Biskup, Gary Cobb, Joe White, Dennis Hollas, Joey Mondrik, and Joe Smitherman.

Radio hams and race monitors were John Short, Gene Lumpkin, Mark Michalka, and Dewayne Jekel.

A GAME OF HORSESHOES is enjoyed on a tree-from-school morning as city youngsters join the summer recreation program. Daily activities are set for the four-week program, including a variety of games and sports.

Folk Fete...Be There!

Folk Fete is here. And we say welcome to the thousands of people for the three-day, going on four, event in Cameron.

Festivals and fundays are common in community celebrations, but it is not likely anyone will see the blend of people, talent, and interest in one festival anywhere in this country.

This mix of people represents one of the most cosmopolitan cross sections of people outside the major cities of the U.S.

Irish, Western, Black, German, Czech, Spanish influence will again meld in this unique approach to festival. It is, after all, what this country was, and still is, all about.

Chances are 15 to 20 basic groups, harking to origins, will join the parade, contests, dances, ethnic foods, whatever else has become part of Folk Fete 1975.

Chili cookoff and armadillo racing give a new Southwestern touch to Folk Fete, broadening the appeal of Western bands and square dancing.

Folk Fete is fun. Be there.

New Growth, New Risk...

Senator Lloyd Bentsen is moving at that level which serious candidates for presidential nomination must attain. He is to appear at a rally Saturday in Waco.

Early in the week, he was talking about greater investment need for more jobs before the National Venture Capital Association.

"Few people realize the importance of venture capital in financing new business and industry, promoting healthy competition and spurring non-inflationary economic growth," Bentsen told the Washington group.

He is right. It is either private capital or public capital boosting private development in our system. In Russia, or China, or Vietnam, it is public capital boosting public development, the state's ownership of everything, including the minds and talents of its people.

It seems in this era we are forgetting how to plant the first seed, only pouring billions or millions or whatever into existing systems which quite often are beyond overhaul and normal growth. Intermediaries have too much at stake.

What Bentsen points out is that venture capital is "seed money" for new starts, ground level, mind level, but sky busting starts. Those are the ones which initiate new eras, new epochs, in an active society.

It takes presidential timbre to see that much. Whatever else may be the Senator's qualifications, he sees new growth requires new risk.

"Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

McGOVERN RAPS SCOTT ON REFUGEE ISSUE

Senator George McGovern (S. Dak.) "...A week ago... the day after I left on a trip to Cuba authorized by the Senate Foreign Relations Committee, the minority leader (Mr. Hugh Scott) took the Senate floor to attack legislation I had introduced relative to the South Vietnamese refugees. His statement was a flagrant distortion of my proposal.

"I said very clearly on the Senate floor...the day before the Senator's attack that on both humanitarion and practical grounds, many of the Vietnamese refugees would be better off returning voluntarily to their own country. But knowing that some political demogog or careless journalist might take my words out of context, I emphasized that I was not suggesting that any Vietnamese be sent home unless they so requested.

"Nevertheless, Mr. Scott come to the Senate floor the next day, and in a mighty display of indignation said that I had proposed that the refugees be "sent" home. He then added: 'Any governmental attempt to send them back would be people-killing measure.'...

"Assuming that he can understand plain English, the Senator knows that I never proposed that one single Vietnamese refugee be sent home who does not so request it...

"He is one of the Nixon hatchet men who at crucial periods of the 1972 Presidential campaign flagrantly distorted and twisted my position on sensitive public issues ...I have sent him a copy of the remarks I am delivering this morning...

"The Boston Globe reported yesterday that a Vietnamese doctor with some 18,000 refugees at Camp Pendleton has said: 'If a plane were to leave for Saigon today, half of this camp would be empty'...

"So let us have an end to Senator Scott's nonsense about the legislation I have introduced--legislation which simply authorizes our Government to pay the transportation back to Vietnam for any refugee who voluntarily requests such assistance in returning to his country..."

* * * *

CRUMP'S GRASS ROOTS COMMENT

The Senate passed H. R. 6755 authorizing $405 million for assistance for refugees ...and the McGovern amendment No. 479, to allow funds to be used for transportation of those refugees who desire to return to their homeland.

Dateline Austin

64th Legislature Chalks Up Needed Action

The 64th regular session of the Legislature wound down with a few bangs and several whimpers this week.

In five months of activity, it considered legislation touching almost every segment of the state's economic and social life.

Despite criticism, the session did turn out legislation of far-reaching importance.

Even before final last-minute decisions on a $12 billion record budget, school finance reform and utilities regulation, the session chalked up these accomplishments:

— Article-by-article constitutional revision, set for a statewide election November 4.

— Approval of Health Maintenance Organizations, a new form of fixed-fee health care coverage, and two medical malpractice insurance bills.

— Provision for issuing certificates of need for hospital facilities and reorganization of the State Board of Health.

— Adoption of a permanent voter registration bill and a measure to authorize primary election finance.

— Passage of a nine-counties House of Representatives bill which will assure single-member districts for the counties.

— Establishment of a 1976 presidential preference primary.

— Agreement on a "rape victims' bill" to aid in prosecution of sex crimes.

Bonds Approved

A proposed constitutional amendment to raise the ceiling on state water development bonds from $400 million to $800 million will be voted on in November, 1976.

The resolution contains a prohibition on use of money to import Mississippi River water. A $35 million limit is also ordered for individual projects which are not part of a statewide water plan.

A bill to authorize issuing all or part of the new bonds will be put off until the 1977 Legislature convenes.

Redistricting Passed

A bill providing single-member House of Representatives districts for nine Texas counties survived a Senate filibuster and was sent to the governor.

It applies to Travis, Jefferson, McLennan, Tarrant, Lubbock, Nueces, Galveston, El Paso and Hidalgo counties.

All the counties except Galveston and Hidalgo were covered by a 1974 court order (later delayed) decreeing single-member districts.

Revenue Rising

Comptroller Bob Bullock, who raised his state revenue estimate more than $200 million, said he may boost it still another $200 million due to Fresident Ford's oil program.

Bullock urged the legislature to adopt a one-year

Awards Received

Six Texas businesses received the Governor's 1974 Industrial Expansion Award.

Recipients of the award were Mooney Aircraft Corp., Kerrville; Amoco Chemical Corp., Alvin; Timex Corp., Abilene; G&H Casting Corp., Slaton; Inca Metal Products Corp., Lewisville and Mr. Fine, Athens.

Governor Briscoe credited the firms with "fighting the recession in the best way possible — with aggressive expansion and civic responsibility." Texas Industrial Commission selected winners based on nominations by chambers of commerce and industrial foundations.

OLD PHILOSOPHER

Dear editor:

A week or so ago in this space I was joking about New York City, how it had so much brains and talent and yet couldn't pay its bills and was facing bankruptcy if Washington didn't lend it a billion dollars immediately.

Washington declined, and I have now decided this is no laughing matter.

For example, what if New York does go under, the banks foreclose, and everybody has to move out, like the people of that Cambodian city I can' pronounce, Phom Pehn? (On the other hand, how many Cambodians can pronouce Philadelphia or Schenectady?)

All right. Here we'll have 8 million dis-placed people, all swarming out across the United States seeking food, shelter, and jobs. How many New York refugees do you figure Cameron can handle? Can you find a place say for 15 taxicab drivers and 20 subway conductors? How many of those high-priced refugee editors can you place on The Herald? You know how many dogs and cats those refugees will bring with them?

I know the Statue of Liberty says we sould welcome these huddled masses but the more you think about this the morefrightening it gets. I mean, what if the domino theory was right and other cities start falling too? San Franciso, Los Angeles, Chicago, Baltimore, Dallas?

You spill that many people out over the nation and the countryside and the small towns will be ruined. We'd like to do our part but we just can't handle that many people. Couldn't start to find that many tents. As for jobs, it's hopeless. Probably not over a dozen tractor drivers in the whole lot.

No sir. If we're smart we'll start a financial drive right now to save the cities of America. Here we've spent years herding those people into cities and trying to make them feel happy there, and to let them break out and over-run us now would be disasterous. It'd take us years to get them all back in again. I'm warning you, we'd betteer start doing something about it.

Yours faithfully,
J. A.

FOLK FETE IS FUN

New rates for long distance calls within Texas.

With Discount Periods and a new One-Minute Rate, you may be able to save money.

Rates for Long Distance calls within Texas have just changed.

For you—the telephone customer—it means most rates are going up.

But you may be surprised to learn that rate changes won't necessarily bring higher telephone bills.

Because with our new discount for dialing your own calls, you can better control your Long Distance costs.

In some cases, you may be able to *save* money on your Long Distance bill by taking advantage of these rates.

For example, there's a new one-minute rate on all calls that you dial yourself—without the operator's help.

Under the old rate, the initial rate period was for *three* minutes. Now on One-Plus dialed calls the initial rate period is *one* minute.

That means you can save by reducing the length of your call.

*DISCOUNT RATE PERIODS FOR ONE-PLUS CALLS WITHIN TEXAS

	Mon	Tues	Wed	Thurs	Fri	Sat	Sun
8 a.m. to 5 p.m.	Day Rate Period Full Rate						
5 p.m. to 11 p.m.	Evening Rate Period 25% Discount						Eve. 25% Discount
11 p.m. to 8 a.m.	Night and Weekend Rate Periods 35% Discount						

NOTE: The Evening rate applies all day on the following holidays: New Year's Day, July 4, Labor Day, Thanksgiving and Christmas Day, except in instances where the holiday falls into Night/Weekend period. In this case, the lower rate applies.

*On operator-assisted calls, the same rate applies at all hours on all days.

Also, for the first time we are offering flat percentage discounts for Evening, Night and Weekend One-Plus calls.

Using the Day rate as the base, the Evening rates will be 25 per cent less. And, on Nights and Weekends there will be a 35 per cent discount.

So, if you call later in the day or night, or on weekends, you're going to get the lowest rates possible.

But if you place calls through an operator, rates for these Zero-Plus calls will be higher, at any time—night or day. These include calls from a coin phone, collect, credit card and calls billed to a third number.

The initial rate period of three minutes will continue for these and other operator-assisted calls.

And, person-to-person calls will cost more than any other type call.

*EXAMPLE OF NEW RATES FOR MAXIMUM DISTANCES

	#One-Plus	Each Additional One-Plus Minute
DAY RATE	50¢ or less	42¢ or less
EVENINGS 25% Discount	38¢ or less	32¢ or less
NIGHTS AND WEEKENDS 35% Discount	33¢ or less	27¢ or less

#One-Plus charges for 1 minute.

NOTE: One-Plus rates also apply on station-to-station calls placed with an operator where One-Plus facilities are not available.

*Rates quoted do not include taxes.

Simply put, if you dial the call yourself, you are going to get a lower rate. If you place your call through an operator, it will cost more.

Now our new rates offer you a choice.

By dialing your own calls and by taking advantage of our discount rate period, you can still get low rates and fast service.

Southwestern Bell

TIPS ON HOW TO SAVE ON LONG DISTANCE

To save on your Long Distance calls within Texas, follow these tips:

(1) Dial all your Long Distance calls the One-Plus way. Dial 1, plus the Area Code, if it's different from your own, plus the seven-digit number.

(2) The new one-minute rate for One-Plus calls is in effect 24-hours a day. If you talk 60 seconds or less, you pay for only one minute—not three.

(3) When possible, call Nights and Weekends the One-Plus way. You'll be getting a 35 per cent discount from the Day rate.

(4) If you call Evenings, you will save 25 per cent from the Day rate on One-Plus calls.

Reuters International News Briefs

NEW YORK

IBM, the company which is credited with turning simple electric adding machines into a worldwide invasion of computer networks, is now forced to defend ts business empire. In a gloomy, cavernous courtroom near the Wall Street financial district, Chief Federal District Judge David Edelstein presides over the case of the United States versus IBM, launched after six years of preparation.

OTTAWA

The stage is now set for implementation of expanded government control over foreign investments in Canada. Under current regulations, put into effect in April 1974, any foreign company wishing to purchase a Canadian firm must now show to the government's satisfaction that the take-over would be "of significant benefit to Canada." So far, the review agency screening foreign acquisitions has approved 66 takeovers and rejected 15.

SPANISH SAHARA

The temperature is rising in El Aaiun, capital of the Spanish Sahara. In summer it will reach 122F and with it the political tension is also mounting. The normally somnolent town, plagued by dust storms and flies, has become a target of international intrigue for control of a desolate territory that looks as lifeless as the moon. The intrigue is aimed mainly at a huge mining complex at Bu Craa.

BUENOS AIRES

A new nationalist movement sworn to combat Marxism and Zionism has emerged in Argentina with a recruiting slogan, "The best enemy is a dead enemy." Foundation of the movement named "Caudillo" (strongmen), coincides with an increasingly violent backlash against the left throughout the country. It has alarmed the large Jewish community, whose members say they have detected signs of anti-semitism here.

County Agent Notes...

Time To Control Cotton Weevils

By Bill McCutchen

Many cotton fields look more like haymeadows than cotton fields this year following heavy rains all through the month of May.

For those who can still salvage a cotton crop it is about time to spray for the overwintered boll weevil. This application is extremely important as it usually knocks populations down enough so that a crop can be made before weevil damage gets severe.

An application at this time also allows enough time for beneficial buildup before bollI worms usually become a problem.

The overwintered weevil application should be made between pin head size and 1/2 grown squares. It is important not to delay the application pas t the 1/3 grown square stage as larger squares can support a second generation of boll weevils.

Guthion at 1/4 pound of acutal material per acre is the common treatment for overwintered weevils, even though several other materials are labeled for weevil control in this area.

Lawn Disease Prevalent

St. Augustine lawns are being hit with a host of diseases as the unusually wet,, humid weather continues. Brown Patch, Helminthosporium Leaf Spot, and Grayleaf spot are showing up in lawns all over the county.

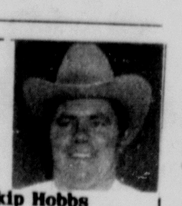
Brown Patch is characterized by circular patterns of dead grass blades in the turf, blades and sheaths arepulled easily from the stolons. Stolons remain green.

The leaf spot fungus show spots on the leaves. In severe cases the entire plant may die.

Two to three applications of Maneb usually will control all of these problems and is usually available locally.

Do not use electrical appliances of any kind when your hands or any part of your body is wet.

TEXAS TALK



By Skip Hobbs

Q: What causes the difference in tenderness of similar beef cuts?

A: Cooking methods are undoubtedly the most critical elements in determining the final tenderness of a meat serving. Assuming that the method of cooking is the same, there are still several variables influencing tenderness. Age of the animal at the time of slaughter is a major factor, with a noticeable decrease in tenderness at advanced maturity (animals over three years of age). Other factors will be mostly up to the individual packer. Aging and curing usually increase the tenderness of the meat as do the addition of special enzymes. Three common enzymes used in meat processing are Bromelin, Ficin and Papain. What the three have in common is the fact they are all derived from fruit . . . Bromelin from pineapple, Ficin from figs and Papain from Papaya.

Poultry Industry Shows Drop

The Texas poultry industry suffered a drop of more than $30 million in cash receipts last year compared to 1973 levels. The drop was expected a s cash receipts from poultry fell throughout the United States, according to a poultry marketing specialist for the Texas Agricultural Extension Service.

"Cash receipts from broilers, turkeys, and eggs declined," says Dr. David B. Mellor, "due mainly to decreased production of eggs and sharply lower turkey prices. Broiler numbers were up but prices were off slightly."

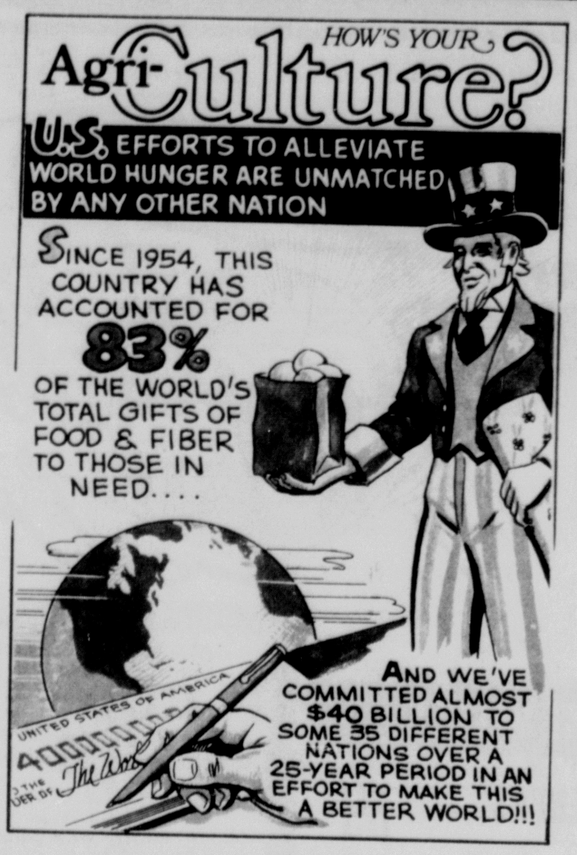
Total cash receipts from poultry production were at the $304 million level compared to $335 in 1973. Texas still ranks sixth in the nation in poultry cash receipts as the high returns of 1973 fell in almot every state.

"Cash receipts from eggs dropped $8.5 million from 1973 to 1974." notes the specialist with the Texas A&M University System, "as egg production was cut back 220 million, a drop of almost 9 percent. The average price of eggs increased just over two cents per dozen compared to 1973."

Mellor says that slightly larger production of broilers and slightly lower prices resulted in a $5.7 million drop in cash receipts in 1974.

Turkey production was down slightly from 1973 but the price drop at the farm level from 40 cents a pound to 31 cents per pound was the big influence on the drop in cash receipts, Mellor points out. Cash receipts from turkeys fell by almost $16 millions.

"Poultry production is expected to remain under pressure during 1975 due to high feed costs and continued large supplies of beef," adds Mellor.



HOW'S YOUR
Agri-Culture?

SINCE 1954, THIS COUNTRY HAS ACCOUNTED FOR 83% OF THE WORLD'S TOTAL GIFTS OF FOOD & FIBER TO THOSE IN NEED....
AND WE'VE COMMITTED ALMOST $40 BILLION TO SOME 35 DIFFERENT NATIONS OVER A 25-YEAR PERIOD IN AN EFFORT TO MAKE THIS A BETTER WORLD!!!
UNITED STATES OF AMERICA

Bad Weather Forcing Drop In Cotton Plantings

RALEIGH

U. S. cotton producers may not be able to plant the 9.9 million acres of cotton they intended to plant on March 1 --even if they want to.

That's the latest reading from economists at the Cotton Incorporated Research Center here.

While farmers in some areas of the cotton belt may reach, or even exceed, their March 1 plantings intentions, those in other ares may be forced by bad weather to cut back even further than they had planned.

"Overall, the drop may be as little as 100,000 acres, or as much as 500,000 acres," said David Cox, Cotton Incorporated vice-president for economic research and development.

Cox pointed out that plantings in the Mississippi Delta have fallen far behind schedule because of heavy rainfall throughout the planting season.

"If substantial progress is not made during the last week of May, the combination of low planting intentions and unfavorable weather will result in record low plantings throughout most of the Delta," said Cox.

Cox said the unplanned, additional cutbacks induced by bad weather come just as U.S. textile mills--cotton's biggest customer--shows signs of recovering from their economic ills.

"Mill use of cotton has increased steadily since reaching a nadir in January," said Cox.

"Moreover, March figures just released on the ratio of mill inventories to orders of cotton fabrics showed the first significant improvement since this index began a period of steady deterioration almost two years ago."

On foreign production, Cox said Cotton Incorporated information still shows that it will be down sharply, although not quite as much as reported earlier.

"World cotton prices have stregthened during March and April, while prices for alternative crops have softened," said Cox "In addition, government assistance to the cotton industry in some countries has been a factor in encouraging increased cotton plantings."

Cox said increases over earlier plantings reports are now expected in Central America, Greece, and Turkey.

Cox's remarks reflect the opinions of Cotton Incorporated, the fiber company of U.S. cotton growers, published in the May 1975 "Cotton Summary."

Barrow Show Set For Fair

For the first time at a major show, a feeder barrow show and sale will be held at the 1975 State Fair of Texas. The sale will be under the direct supervision of the Parker County Swine Breeders Association.

"This added attraction is being held to give swine breeders an opportunity to compete with one another with feeder barrows and to assemble a larger number of good quality barrows for Vocational Agriculture Teachers and County Extension Agents to purchase for the spring shows," stated Don Clark, livestock manager.

For more complete information and a premium list, write to Don Clark, Manager, Livestock Department, State Fair of Texas, P. O. Box 26010, Dallas, TX 75226.

The top 250 pigs will be sold in the auction sale.

High Plains Eliminates Castor Beans

AUSTIN--Farmers on the High Plains are getting out of the castor bean business.

According to Agriculture Commissioner John C. White, farmers have not indicated intentions to plant any acreage in the castor plant in 1975.

The High Plains is the only area in Texas where castor beans have been raised. The oil of the castor bean is used in the production of castor oil, paints, varnishes, hair oils and hydraulic fluids.

Production of the plant, which has never been a popular crop among High Plains farmers, decreased significantly last year. Only 800 acres were harvested

DISPERSAL OF OAK HILL BRANGUS FARMS REGISTERED BRANGUS CATTLE AND MACHINERY

Rockdale, Texas — June 14th, 1975 — SALE STARTS 10:30 a.m. - machinery, 1:30 p.m. - cattle

3. 12 foot Bush Hog Tandem disk with 24 inch blade, weighs 5,100 lbs., with tires and cylinders, model 1437, serial 1113.
4. 12 foot Bush Hog shredder - model 160.
5. New Holland 357 feed grinder (new), hay attachment and supplement mixer.
6. New Holland 276 Baler wire, tie, baled less than 2,000 bales, with know free wh. feeder, flotation tires.
7. Ford Hay Cutter conditioner pull type with cylindors (like new) #535.
8. Ford Hay Rake (side delivery) 3 Point, #503.
9. 10 foot John Deere Grain Drill Double Disks - Type 16, Serial 7800285IN.
10. AC Manure Spreader, 140S, big tires.
11. 9 foot roller - special made - ball bearings - water filled.
12. 3 Point dirt scoop for rear attachment to tractor with scarfier teeth. K100 Gannis - 3 Point.
13. Hay feeder wagon, 20 feet long - with extended sides.
14. 20 foot implement trailer with 3 axels - 2 axel brakes - loading ramps to haul D4 tractor - goose neck type - 5th wheel ball type hitch.
15. Irrigation system (new) - 13 joints, 2 inch pipe, 21 feet long, 7 hp Briggs & Stratton Motor, model B1TQLS-70, Berkeley Pump.
16. Cattle, self-feeder - 2 ton capacity - all metal.
17. Pride of the Farm, model 3081, calf creep feeder, 30 bushel, all metal.
18. 18 inch post hole auger, for Ford auger.
19. 3 sections of 4 foot harrow.
20. 3 Point Chisel with sweeps - used to dig coastal roots.
21. 2 wheel trailer frame with tires, wheels and axel.
22. Sears cement mixer - electric motor.
23. 1969 3/4 ton Chevrolet pickup bed (fleet side model)
24. Bumper for 1969 3/4 ton Chevrolet puckup.
25. 4 wheels and tires, 14 inch.
26. Antique grain planter - horse drawn.
27. Antique cultivator - horse drawn.
28. 2 wheel trailer - wooden sides.
29. Other items.

A Weekly Report Of Agri-Business News

Farm-facts

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

Who'll Be First? . . . Here's The Address . . . Roasting Ears, Sorghum, Corn, Watermelons.

June means a lot of things to a lot of people, and to the cotton industry, June is the month for the first bale of 1975 cotton to be ginned. The bale is produced in the Lower Rio Grande Valley during the month of June. And while Valley farmers are waiting for the first bale of cotton, other cotton farmers throughout the state are planting their 1975 crop.

Cotton farmers are also looking for signs to better days for cotton. And some cotton industry spokesmen are seeing rays of hope ahead. For example, they point to reduced cotton acreages in this nation and abroad, which they say will lower the projections of carryover for cotton. But the best sign is the economic recovery.

Some economists believe the recession has bottomed out, and that the economy--including cotton--will begin showing improvements during the latter part of this year.

The textile industry has been especially hard hit by the recession, but indications are that better and brighter things are in store in the coming months.

Meanwhile, cotton planting for the state is now more than 50 per cent completed which compares favorably with last year's schedule. Some fields, as usual, will have to be replanted due to hail and floods.

Cotton acres in Texas this year are expected to be down a million from 1974 plantings.

HAVING TROUBLE in getting your brucellosis indemnity payment? If so, here is the address or telephone number you need to contact:

Texas Animal Health Programs Office
702 Colorado Street
Austin, Texas 78701

The telephone number is: Area Code 512 397-5551.

Eradication efforts relating to brucellosis are being intensified. Only about one per cent of the nation's herds of cattle are infected with the disease. Federal authorities are now embarked on a program to eradicate the disease as soon as practical.

A report from the Texas Animal Health Commission revealed recently that brucellosis infection in the state was at a level of around three per cent in herds tested.

Indemnity payments are offered to assist livestock producers in financial relief from losses caused by brucellosis-infected cattle. Because of lack of information on reporting forms, some indemnity payments are running behind schedule.

If you need information as to how to apply for indemnity payments or the procedures you need to follow, you can get the correct information by contacting the above address or telephone number.

JUNE IS ALSO A TIME to enjoy fresh produce from Texas farms. It's roasting ear time in the southern part of the state. In the Coastal Bend, watermelon and tomato harvest are underway. Cantaloups, honeydew melons and bell peppers are also being harvested in the Valley.

Peach harvest activity continues in the state, too. Hail and high winds caused some damage in Central Texas. Peach harvest is set to begin in the Cross-Timbers area.

Pecan set is reported good throughout most of the state. Many producers are busy controlling casebearers.

In field crops, corn planting is completed throughout the state. Sorghum planting is more than three-fourths finished.

Peanut seeding is nearing the 50 per cent completion mark. Rice planting is also completed. Soybean planting is just getting underway. In most of the soybean territory for Texas (the northern High Plains), fields have been too wet to plant.

Wheat harvest continues in South Texas, and it is ready to commence in Central Texas as well as other parts of the state.

JUST TO MAKE IT OFFICIAL, here is the latest count on the 1974 cotton crop. It is the smallest upland cotton crop produced in Texas since 1946. The 1974 crop totaled only 2,462,000 bales. This is only 53 per cent of the 1973 total.

Harvested acres are set at 4,400,000, down 15 per cent from the 1973 acreage. Yield per acre fell to only 269 pounds per acre; this compares with 431 pounds average production in 1973.

Indications for 1975 are that acreages will be down a million from 1974. The value of the 1974 crop is down 60 per cent from 1973. Cotton prices in 1974 averaged 35 cents per pound, compared with 46 cents per pound in 1973.

Cottonseed was an exception. That part of the cotton crop in 1974 averaged $120 per ton, which compares with the $93.50 per ton average in 1973.

Nationwide, the 1974 cotton crop is estimated at 11,540,100 bales; this is 11 per cent below the 1973 crop.

IN CASE YOU HAVE FORGOTTEN IT, you might be one of 24,000 Texas crop farmers who have received the 1975 crop questionnaire.

If you did receive one, be sure and fill it out promptly and return it as soon as possible.

The 1975 crop estimates for Texas will be made from those questionnaires.

Corrugated Steel culverts all sizes and lengths 6" to 120" in diameter up to 40' lengths. We deliver anywhere in Texas.

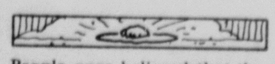
Whittington To Judge Contest

Harold Whittington, political science instructor at Temple Junior College, will be a judge at the 1975 Folk Fete Queen Contest, according to Regina Woodum, contest chairman.

HAROLD WHITTINGTON

The event will be at 7 p.m. June 5 at the Methodist Fellowship Hall in Cameron.

Whittington, who has taught Temple Junior College extension courses in government in Cameron the last year, has been a judge at four of the last five Junior Miss Pageants at Killeen and the Miss Mary Hardin-Baylor eliminations for the Miss America contest. Additionally, he has judged many high school and college forensics contests.



People once believed that the stone known as jacinth could protect them from plague.

Fish Fry Feies Ministers Group

Ministers and wives of the Cameron Association enjoyed a delicious meal of catfish and all the trimmings at the Joe Glase r fish farm on Monday, May 26.

The fish was furnished by Joe Glaser while the culinary art was performed by Darryl Proffit, Ernest Helsley, and John Homerstad.

The party of 16 enjoyed the fellowship of Gary Kleypas, recently graduated from Wartburg Seminary in Iowa, and Manfred Schkenback of Germany.

Personal Mention

Mr. and Mrs. Floyd Huffman of Fort Walton Beach, Fla., spent several days visiting with his parents, Mr. and Mrs. Lloyd Cowan of Cameron. He also visited his son, Mark Huffman of Dallas; his brother, Dr. Elgy Hatch of San Atnonio; and his siter, Mrs. Inez Fikes of Houston.

Out of town guests attending the graduation exercises Mike Peck were Rev. and Mrs. Earl B. Wiggins and son David fromMemphis, Tenn.; and Mr. and Mrs. Earl Gray of Bryan.

Mrs. Wiggins (formerly Gladys Martin) and Mrs. Gray (formerly Lois Peck) graduated from Yoe High School in 1943 and 1933 respectively.

Reservations Being Accepted For Art Show

The registration committee for the Bellmead Rebekahs Arts and Crafts Show report that reservations for booth space are being received daily.

The Bellmead Rebekah Show Committee has made arrangements with Raymond Shelton, scout master, and his Boy Scout Troop No. 551 to be available to assist the exhibitors in moving their merchandise into the La Vega High School gymnasium on Saturday morning, the day of the show.

For information call or write Mrs. Leona Wynne, Route 1, Axtell, Texas, pho. 863-5429 or Mrs. Henrietta Cogilati, 1006 Hogan Lane, Waco, Texas pho. 799-1285.

There are times when one would like to hang the whole human race, and finish the farce.

Comments From Chris

By Chris Holcombe

A clean-up and check-up for the pressure canner is a real necessity before beginning the year's home canning. This helps insure a safe and high quality produce. Clean removable petcocks and safety valves using vinegar to remove any corrosion. Clean openings in lid of canner using a toothpick, pipe cleaner, or string. Check gasket for tight fit and be sure it's free from grease and dirt. Use salt-free fat to grease the closing surface of lid that seals metal to metal, if it's difficult to remove or if steam escapes. Tighten screws on handles. Use plumber's paste to close nicks that allow steam to escape. Remove odors and stains using one of the following mixtures and processing at five (5) pound s pressure for five minutes: juice of one lemon in two quarts water or two tablespoons vinegar in two quarts water. Check dial guage using a maximum thermometer or master gauge tester. A weight gauge needs only to be cleaned according to manufacturer's directions.

Have you wondered about the difference in water-bath and pressure cooker processing of foods in home canning?

The water-bathmethod is used for processing fruits, rhubarb, and tomatoes and is done using a pan with a lid and rack. The rack is used to hold the jars off the bottom of the cooker. The pan is large enough to cover the jars with one or two inches of water, so that the jars are surrounded with boiling water. The lid is used to help retain the heat. The acid in some fruits and vegetables helps prevent the growth of some bacteria which is the reason the water-bath process can be used.

However, low acid fruits and vegetables must be canned using the pressure cooker. The spores ("seeds") of some bacteria are highly resistant to heat, which makes it necessary for them to be destroyed by high heat. This is accomplished with the pressure cooker.

What are foods processed by these mehods? Th e water bath is used for such foods as peaches, plums,and tomatoes. The pressure cooker is sued for such foods as beets,peas, corn, beans, greens, and okra.

Do you wonder how many fruits or begetables to buy for home canning? You can expect to get abut 30 to 44 pints of peaches from one bushel of peaches.

You can expect 30 to 40 pints of snap beans from one bushel of green beans.

Knowing this can help you decide if it is economical for you o buy beans for home canning.

For information on yields of other fruits and vegetables call or write your County Extension Ageny for a copy of B-194 "Home Canning Fruits and Vegetables."

OFFICERS--1975-76 officers of Friends of the Library are: (l to r) Mrs. Maxine Dodd, secretary; Mrs. Linda Grothe, vice-president; and Mrs. Mary M. Buck, president. Not pictured are Mrs. Dan Smith, treasurer; and Mrs. Dan McDaniel, parliamentarian.

Art Classes To Start June 9

The summer session of classes at the Waco Creative Art Center will begin on June 9 and continue through July 26. During these two months, 30 courses will be offered for adults, teens, and children in painting, drawing, composition, ceramics, raku, macrame, weaving, stitchery, and batik.

In contrast to the Center's regular fall, winter, and spring sessions that run for 10 weeks, the summer classes are scheduled for shorter, more concentrated periods with most classes running no longer than three weeks.

Tuition ranges from $35 to a 10 session adult class to $7.50 for a three session teen class with a 20% discount for Art Center members. Materials are furnished for teens and childredn; however, adult students must supply their own. Scholarships based on financial need are available for all classes.

No classes are scheduled from June 30 to July 6 and the Art Center is closed for the month of August.

A complete schedule of classes may be obtained by visiting the Art Center at 414 Franklin or telephoning 752-4371. Registration may be made in person or by mail.

Reading Club To Sponsor Program

The Summer Reading Club will sponsore its reading program beginning Tuesday, June 10, for all children in grades one through six.

The theme of the Summer Reading Club is "Cross-Country with a Hero" featuring heroes prominent in folklore of American history.

In order to receive a certificate issued by the Texas State Library, each child must read 12 books. Booklogs for recording each title read are available at the library.

The reading program will end July 22.

Laws' Grandson Receives MD Degree

Mr. and Mrs. C. R. Law and son, James, attended commencement exercises at Baylor Collge of Medicine, Houston, Friday, May 30. The Laws' grandson, Sam W. Law II, received his degree as doctor of medicine.

Law is the son of Dr. Sam W. Law of Houston and Mrs. Jim Pettigrew of Houston, and the grandson of the late Mr. and Mrs. H. D. Maxwell of Rockdale and nephew of Col. Sidney Maxwell of Rockdale.

The new doctor also received two special awards, one in obstretics-gynecology and the other for general excellence in surgery.

Luncheon Honors Graduate

Miss Clara Voyles was guest of honor at a luncheon given in the home of Mrs. Mickey Offield. Clara's mother was the special guest, with friends sharing the occasion.

Chicken salad on lettuce leaf was served. Fruit circled the plates, with oange fondue sauce topping the fruit. Strawberry mallow was served as dessert with melon balls.

Miss Voyles has moved to Waco and will attend college there.

Rev. Evans To Speak At Church Revival

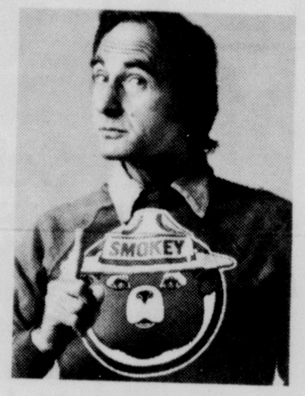
Little River Baptist Church at Jones Prairie will hold a revival Sunday, June 8 through Sunday, June 15. The srvices will start at 8 p.m. each night.

Rev. Dean Evans of Mt. Zion will be the speaker. Leading the song service will be the pastor, Doyle Young of Baylor.

The revival is open to the public.

Birth

To Mr. and Mrs. Roger King of Killeen, a girl, Tamika Ann, 6 lbs and 15 1/2 ounces, born May 31 at 8:10 a.m. Grandparents are Mr. and Mrs. L. V. Miller of Cameron and Mr. and Mrs. Willie King of Natchez, Miss.



When someone spends thirty years reminding people to be careful with fire, and he does it for no other reason than to save our forests, he makes a lot of friends.

Even if he's just a bear.

Looney Receives Law Degree

William Willis Looney Jr. was sworn in as an attorney and admitted to practice in the Supreme Court of Texas on Monday, May 26 after receiving a Juris Doctor degree from Baylor School of Law on May 16.

While in law school, Looney held the offices of vice-president of the student body, president and vice-president of Delta Phi Law Fraternity, social chairman, and chairman of the Activities Committee of the Student Bar Association.

He and his wife, Susan, will live in Killeen where he will be associated with the law firm of Petronis, Petronis, and Guinn.

Calling someone "bald as a coot" is to compare him to the bald coot of Europe, an aquatic bird whose bill extends well up its forehead.

Poage Likens Criminals To 'Two Legged Beasts'

"Two legged beasts who will commit such terrible crimes should be hunted down and destroyed, just as we would hunt down a mad lion or tiger." These were words from Cong. W. R. Poage in his weekly newsletter as he called for protection for the average citizens.

He listed the rape and burning of two girls in Philadelphia, with one living but losing both arms and legs. He also told about a "Human Kindness" day at the foot of the Washington Monument at which some 600 spectators of 150,000 attending were attacked and robbed.

Poage said one employee of the agriculture department, who was walking to work, was attacked by a gang of young thugs and one eye was punctured by a sharp instrument, blinding him for life. "He asked for help," Poage wrote. "Not a soul would give him a hand."

Poage said Central Texas has had something approaching this kind of brutality but no one had been punished for the crimes.

"I realize there is a widespread feeling that those who commit such crimes must be 'disadvantaged.' Maybe so, but can you think of the 'disadvantage' that the man who lost his eye is going to suffer, or the poor girl who lost both arms and both legs?"

"The public should be protected against such animals and I have a feeling that if our Federal Judges are going to continue to put obstacles in the way of punishment, or if our Legislatures keep turning these beasts out on parole, that the public is going to take matters in its own hands. I don't believe in 'mob' law, and I hope it will not come to this; but, I fear it will," he continued.

Poage said the very basic purpose of government is to protect the poeple--their lives, their persons, and their property--and any government which fails in this for very long simply cannot continue to exist.

"I realize that some of these crimes are possibly a kind of reaction on the part of minority groups who feel they are but exercising their civil rights," Poage said. "But, in many cases, people of their own race are the victims. I think it goes far beyond any racial feeling--and the criminals are not confined to any one race.

These people simply have not received any moral training either at home or in school . . ."

Poage said he is convinced that "we are going to have to forget so much about our 'rights' and go to thinking some about doing right and punishing those who don't do right. It is not a matter of trying to make someone suffer for his wrongful acts, it is a matter of protecting other people from these acts."

MHB Offers Course In Nutrition

A continuing education course in Elementary Food and Nutrition will be offered at Mary Hardin-Baylor College from 8 a.m. to noon on weekdays July 21 through Aug. 8. The course will be taught by Miss Barbara Davis, home economics instructor, in Room 210 of Wells Science Hall.

Deadline for application is July 1.

The course offers training in the principles of food preparation and is the first in a series of courses to be offered for school food service personnel.

Emphasis in the food and nutrition course will be placed on the importance of each ingredient in the recipe and each techinque in contruction. Fundamental principles will be demonstrated in the laboratory and discussed.

Applications may be obtained by callin 817 939-5811, extension 28 or 52. Dormitory space is available for thse who wish to remain at the college during the week.

New Code For Faster Checkout

Spage Age techonolgy has come to the supermarket in the form of that small rectangle of thick and thin bars and spaces on food package labels, Sally Springer, foods and nutrition specialist with he Texas Agricultural Extension Service, the Texas A&M University system, noted this week.

"This Universal Product code (UPC) indicates manufacturer, price, and other identifying characteristics of the food product," she explained.

What about its use in the supermarket? At the check-out counter, the UPC can be read by an electronic cash register hooked up to a computer. Instantly the consumer will have a register tape indicating price and description of items purchased.

This computerized check-out will provide consumers fast service and accurate and detailed records of food purchased.

"But one dis advantage is that supermarkets may decide not to price mark food products for consumers since the computer picks up the symbolprice.

"However, if consumers will insist, they can still have price markings to help in comparison shopping," she added.

Austin To Host Boys State

As the school year draws to a close, more than 885 high school junior boys will assemble on the Campus of The University of Texas in Austin, June 11 for the 1975 session of American Legion Boys State, James W. White, Department Commander, has announced.

Delegates will converge on Austin and commence registration at 2 p.m., Wednesday, June 11 at Jester Center. Following an evening meal the new citizens of Boys State will assemble for orientation in their respective Boys State cities.

Highlight of this year's program will be the appearance of top leaders of the Democratic and Republican parties.

The program sponsored by the American Legion, Department of Texas, is an annual event in which the organization teaches boys the responsibilities of citizenship in actual "do it yourself" type program from which comes its motto, "Learn by Doing."

The approximate 885 boys will be housed in 18 Boys State Cities with each city further divided into two precincts, one for the Federalist and one for the Nationalist political party. Each Boys State City is named in honor of a Past Department Commander of the Legion who is now deceased.

Coaches, Teams Named For Jr. High Softball

Junior high girls softball teams and coaches were named this week and a schedule has been listed.

Games will be played beginning June 9 on the field behind Safeway. Further games will be scheduled if the coaches and teams desire.

All coaches, elementary and junior high, are asked to meet Monday, June 9 at 5:30 p.m. at the ballfield.

Schedule:
June 9, Mon., 7:30 p.m.
Team 1 vs. Team 2
June 12, Thurs., 6:30 p.m.
Team 2 vs. Team 4
June 16, Mon., 7:30 p.m.
Team 1 vs. Team 4
June 19, Thurs., 6:30 p.m.
Team 2 vs. Team 3
June 23, Mon., 7:30 p.m.
Team 1 vs. Team 2
June 26, Thurs., 6:30 p.m.
Team 3 vs. Team 4

Additional games will be scheduled. The time on Thursday evening is necessitated by the fact that the Pony League uses the field beginning at 8 p.m.

The junior high teams and coaches include:

Team 1--Mrs. Ira Canady, coach; Linda Brashear, Donna Gilbert, Tammy Barrett, Rodessa Turner, Ruth Canady, Judy Malone, Brenda Orsag, Laura Delony, Robin Thompson, Judith Moore, and Vicki Brashear.

Team 2--Mrs. J L. Gallimore, coach; Theresa Floyd, Julie Smitherman, Marilyn Ermis, Yvette Wells, Kristi Tumlinson, Vanessa Marak, Delia Reyes, Renee Sheguit, Candy Hobbs, Suzanne Raymond, Jolene Kopriva.

Team 3--Miss Becky McDaniel, coach; Mary Brown, Kim Fritz, Cynthia Thompson, Lydia Oges, Donna McCall, Helen Chandler, Sheree Poole, Paula Lewin, Cindy Crouch, Mechelle Woodfin, Marietta Parker, Thetis Raymond.

Team 4--Mrs. Irene Tindall and Mrs. Willie Faye Lowe, coaches; Tululah Green, Shelly Poole, Janet Mondrik, Connie Widner, Martha Stidom, Bobbie Pope, Deleria Majors, Melissa Mekush, Gladys Cavil, Shelia Harris, and Theresa Mekush.

In last week's Herald, part of the schedule for the elementary girls softball was omitted and the name of the team coached by Mrs. Helen Fuchs and Mrs. Janice Stanislaw was omitted. The team is named the Kittens.

The schedule should read:
June 9, Mon., 6 p.m.
Rascals vs. Red Sox
June 12, Thus., 5 p.m.
Peanut Patties vs. Kittens
June 16, Mon., 6 p.m.
Rascals vs. Kittens
June 19, Thurs., 5 p.m.
Peanut Patties vs. Red Sox
June 23, Mon., 6 p.m.
Rascals vs. Peanut Patties
June 26, Thurs., 5 p.m.
Red Sox vs. Kittens

Additional games will be scheduled at a later date.

LATE NEWS

Team one has chosen the name, "Spunky Spiders," and Team 4 is the "Banana Splits."

Other players for Team 1 are Vicki Brown and Betty Sue Chubb, and for Team 4, Livia Brooks.

Bicycle Safety Vital For Riders

Economic and health benefits from bicycling have increased the number of riders lately.

So it's more important than ever to remember that Always Be Careful is the ABC of bicycle safety, reminded Dorthy Taylor, family life education specialist.

"Bicycling shouldn't be a game of chance, nor should the ride end in the hopsital emergency room if bicycle safety rules are observed," the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said.

More than 15 percent of bike accidents are caused by mechanical and structural problems. This makes it important for the rider to observe safety rules--but it's also his responsibility to ride a safe bike, she said.

Bicycles come in different sizes, just like people.

--Sidewalk bikes are for beginners (children) andmay have training wheels to steady the child's balance.

--A middle-weight bicycle has one or two speeds, balloon tires, and coaster brakes. It offers stability and strength for everyday riding.

--High-rise bicycles usually have high-rise handle bars, banana seats, and are small in size. High-rise bikes are fun and easy to handle, but are hard to pedal long distances.

--Lighweight bikes have more gears, complex parts and hand brakes. They're easy to ride over hills and long distances.

--Adult-size tricycles are three-wheeled bikes with balloon tires, coaster brakes, and no gears.

"Riders should select a bicycle tha t fits them in size, transportation needs, and riding skills," Miss Taylor said.

Safety features to check are reflectors on back and front and on wheels; lights for night riding; pedals with treads; no protruding or sharp points that snag clothing. Also hand and foot brakes that hold; wheels that do not wobble; and bike parts such as spokes, chain, handlebar grips, brake pads, and cables that are in good, not worn, condition.

Kids Rodeo Saturday At Caldwell

The annual Burleson County 4-H Council Little Wrangler Rodeo will be Saturday, June 7, beginning at 7:30 p.m. at the Burleson County Saddle Club arena in Caldwell.

Trophies will be given for the first three places in each division. A buckle will be given to the All-Around Wrangler in each age division. The two age divisions are 5-9 and 10-14.

Purchase of a ticket will admit one to the show and a chance on four quarters of beef to be given away that night. The quarters are sponsored by the Caldwell Livestock Commission, Inc. Winner need not be present to win the beef.

Rodeo events include calf and steer riding, sack race, goat tying, boot scramble, calf scramble, pole bending, goat dressing, barrel racing, and a greased pig contest.

Applications for the rodeo are being taken. Anyone interested in participating in the rodeo should contact any 4-H member or the County Extension Office at the courthouse.

Coast Guard Has Distress Network

Two small outboards collide in a water skiing accident. Nearby, a witness to the accident uses his VHF-FM radio to call the Coast Guard for help. Within minutes a Coast Guard helicopter is on the scene to take badly-injured people to the hospital.

This prompt rescue could have happened anywhere along the Gulf Coast now that the Coast Guard has completed installation of a 22-site VHF-FM communications network that, in seconds, will put anyone with a VHF-FM radio in contact with the Coast Guard, 24 hours a day, as far as 20 miles offshore.

The Coast Guards program is designed to provide better distress, safety, and command and control VHF-FM communications coverage for boating activities in coastal and major inland waters where the Coast Guard has primary Search and Rescue responsibilities.

Trying to get a call for help through a Citizens Band radio channel is very difficult. Citizens Band radio is popular and can be found anywhere. The channels are cluttered with communications from homes, offices, cars trucks, etc. For this reason the Coast Guard does not monitor any CB radio channels.

Gause

By Mrs. Wanda Lee

Mr. and Mrs. Wiley Kirk were in Cameron Monday for the funeral of Mr. Jim Neinast.

Mrs. Bertha Denman accompanied her son, Johnny Denman of Houston to Roswell, New Mexico last Monday and spent two nights with Mr. and Mrs. Charley Denman, and returned home Wednesday.

Visiting this past weekend with Mrs. Denman were Mr. and Mrs. Glen Dragoo, and Mr. and Mrs. G. M. Dragoo of Houston. Mrs. Mamie Dragoo returned home to Houston with them after a few weeks visit here and at the Liberty Community with Mrs. Liza Gilleland.

Mrs. Mildred Ingram of Palestine visited the weekend with Mr. and Mrs. Bill Cunningham.

Mr. and Mrs. Koye Cass visited with Mr. and Mrs. Jess Stracener Saturday night near Milano.

Mr. and Mrs. David Wilkins, Diana, and Jennifer of Bayou Vista, Louisiana spent the weekend here visiting relatives. Diana is spending the week here with relatives.

Mrs. Carol Turner, Steve, Mary, David, and Jay of Conroe are spending this week with Mr. and Mrs. Chuck Cernuch and children.

Mr. J. E. Garrison of San Antonio spent the weekend here with his sister, Mrs. Nettie Lange, and other relatives.

Mr. Reed Ogden of Houston spent the weekend here at his trailor home.

Saturday visitors with Mr. and Mrs. Malcolm Timmons were his sister, Mrs. Bearnice Longmire of Minerva and a cousin from Ft. Worth. Mr. Timmons was to enter Scott & White in Temple Monday for medical tests and surgery later in the week.

Rails Dress Decks

Guard rails are necessary for elevated decks, but they can be decorative assets and useful with added benches.

NE Milam News

By Mrs. Coy Shuffield

Mr. and Mrs. Monroe Lucko and family attended a birdal shower at Westphalia for their daughter, Connie.

Diane Lucko left Monday to attend summer school in Denton.

Mr. and Mrs. Johnnie Mann are recently new neighbors in the Walkers Creek Community.

Mr. and Mrs. Fletcher Hightower from Houston spent the weekend with Mrs. Tom Hightower.

Mr. and Mrs. Boyd Chamberlin from Whorton visited in Walkers Creek community Sunday.

Hollis Erwin and his neice, Miss Lakey from Austin, visited Mrs. Evelyn Chamberlin Friday.

Mr. and Mrs. Eddie Todd from Garland visited Mr. and Mrs. Luther Todd, Mrs. Eula Vaughn, and Mrs. Eunice Lawrence over the weekend.

Mr. and Mrs. Irwin Stoker spent the weekend in Houston with their children.

Mr. and Mrs. Robert Isbelle and their daughters, Jinnie Lynn, who is home from college for the summer.

Mrs. Helen Jamison's Sunday dinner guests were Mrs. Hazel Fontain, Rev. and Mrs. Doyle Young, Mrs. Amanda Crook, and Mr. and Mrs. Wilson Pool.

Mr. Willie Burnett had several of his children home for the weekend.

Mr. and Mrs. Coy Shuffield guests through the week were Mr. and Mrs. George Meadows, their grandson, Wayne Meadows, Mrs. Elsie Hanhart from New Braden Mr. and Mrs. J. W. Gagl from Thorndale, Miss Susie Atkinson, Mr. and Mrs. Emett Davis from Cameron, Mrs. Vera Hauk from Braan, and Maurice Dukes, Melanie, and Donna Kay Pangborn from Houston.

The Belmena reunion was held Sunday, June 1 at the City Park in Cameron with guest from Cameron, Houston, Fort Worth, Gause, Rockdale, Minerva, Garland, Georgetown, Buckholts, Woodland, Calif., and Portales, New Mexico. There were 35 attending. A nice basket lunch was served at noon. Mr. Thurman Dodson gave thanks to the Lord for the food, friends, and beautiful day.

Sharp-Tracy Friendship

By Mrs. Leroy Guillote

The Friendship United Methodist Church was not near large enough to hold all the folks who came to attend the 73rd annual Memorial Day services in Friendship. The meetings were started 73 years ago to honor those wo had gone ahead, pioneers of the Friendship community. Now days the meetings are also homecoming day for foks who came from several states and all over Texas.

Rev. Fritz Lange, pastor of the church was the master of ceremonies. Two former pastors, Rev. George Doss and Rev. Jim Foster were special guests. The sermon was delivered by the district superintendent, Rev. Keigh Kellow. A tribute to Rev. Kellow was given by Rev. George Doss, for his work and devotion to the little country churches in his district. The men's choir from the Val Verde Church provided special music for the program.

The announcement was made that nearly 500 guests had registered as visitors to the little church and to the cemetery behind the church. They were from six different states.

A dinner on the grounds was held after the program.

Miss Agnes Rinn spent several days in Houston with her sister, Mrs. Mallita Galler.

Mr. and Mrs. D. L. Ellington spent the week in New Braunfels with her son and family, and attended their grandson's graduation.

Saturday guests of Mr. and Mrs. J. D. Pope were Mr. and Mrs. Floyd Collier and daughter of Brady.

Mr. Roger Gilleland Sr., Roger Gilleland Jr., and Duke Guilleland went to Waco to see Mrs. Clifton Howard, who is seriously ill.

Sunday, Roger Gilleland Sr., Duke Gilleland of Temple, and Miss Cindy Bounds of Belton attended the Rockdale Homecoming.

Guests of the Gillelands were Mr. and rs. Les Horton, Mrs. Hazel Clarke of San Gabriel, Lee Clarke, Mr. Charlie Duncan, and Mr. and Mrs. Roger Gilleland Jr. of Temple.

Miss Clara Voyles, daughter of Mr. and Mrs. Finis Voyles has moved to Waco and is a student at McClennan Community College.

Ray Stevens At Six Flags

Versatile singer-songwriter Ray Stevens is scheduled for two performances at Six Flags Over Texas on Friday, June 6.

Stevens has written every type contemporary music from comedy songs to songs of social comment.

Stevens will present shows in the Six Flags Music Mill Theater at 8 p.m. and 10 p.m. on Friday.

All tickets for the event will be $4, adult and child, when purchased at the Six Flags front gate after 6 p.m.

His most recent record phenomenon featured a current fad and was titled, "The Streak."

Highway Department Films Capture Oscar For Texas

NEW ORLEANS

Two new Texas Highway Department films, "The Mission of Texas," and "Festival Time in Texas," have captured the travel industry's "Oscar" in competition with travelouges produced by government offices throughout the United States.

Finishing ahead of other municipal, state, and federal film programs, the Texas travelouges were judged the best of the year at the annual Discover America Travel Organizations conference which concluded here.

"The Missions of Texas" deals with Texas' earliest centuries of recorded history. Narrated by Ricardo Montalban, it explores 10 ancient mission sites stretching from El Paso to the East Texas Piney Woods. Indian, Spanish, and Mexican-American heritages are woven into a dramatic account of the New World frontier that was Texas.

"Festival Time in Texas" takes an entirely different tack. A feminine narrator conducts a lighhearted romp through more than a dozen events where Texans congregate for fun. It captures the exuberance of celebrating Cajuns, the belting rhythm of deep soul music, fiery Mexican fiestas, and lots of down-home entertainment where guitars and fiddles are king.

Both of the new motion pictures are in the quarter-hour format especially suitable for television. They will be seen this year by some nine million viewers on TV broadcasts across the nation. In addition, the Highway Department lends prints for free showings to club, school, and group functions throughou Texas

Available in 16mm sound and color, prints of the award-winning films may be borrowed from the Texas Highway Department, Travel & Information Division, P.O. Box 5064, Austin TX 78763.

Copters Quick

While reseeding forest lands, a helicopter can sow an acre in 15 seconds. In a day it can sow an area that would keep 30 men planting for two months.

Maysfield News

By Mrs. J. P. Wise

Mrs. Margueritee Massengale spent the weekend in Freeport with her daughter, Mrs. Deau Baird

Mrs. Anna Lou Carrow of California and Mrs. Lera Gray of Portales, New Mexico and Mr. Jake Vaughn and Mr. Oskar Hightower of Cameron visited in the Dock Thweatt and Roy Newton homes Sunday.

Mrs. Doris Gleason and Miss Mary White have returned home after a visit with the Pat Gleasons in St. Louis. Kelly Gleason returned with them for a visit.

Mr. Alford Massengale and son bill and wife of Freeport visited in Maysfield Saturday.

Ronnie Thweatt left Thursday by plane for Brazil for the summer. He is the son of Mr. and Mrs. Kenneth Thweatt of Cameron and grandson of Mr. and Mrs. Dock Thweatt of Maysfield and Mr. and Mrs. V. Hughen.

Mrs. Ina May Meyers of Granberry visited her parents, Mr. and Mrs. Johnny Yates Wednesday. She and her mother visited in Temple.

Mrs. J. P. Wise has received word that her granddaughter, Lou Ellen Wise, daughter of Mr. and Mrs. Bill Wise of Angleton, will fly to Paraguay in mid-June as an exchange student for the summer.

Mr. and Mrs. Steve Cooper, son of Mr. and Mrs. Carl Cooper of McGregor will be going to Sidney, Austrailia as teachers for the fall term.

He is the grandson of Mrs W. C. Cooper of Maysfield.

Mr. Elmer Floyd of Freeport visited his sisters, Mrs. Vaughn Thweatt and Mrs. Herbert Thweatt Friday.

Steve Thweatt spent the weekend with friends in San Marcos.

4-H CLUB ACTIVITIES

By Chris Holcombe

Each year 4-H boys and girls face the challenge of preparing for judging contests, method demonstrations and other areas of competition. Their ultimate aim is to qualify to attend State 4-H Roundup at Texas A&M University and to be the best in Texas.

Milam County had some 15 4-H'ers among the 1,800 4-H'ers that trek to Texas A&M where they competed June 2-5 in more than 30 events ranging from public speaking to livestock judging to demonstrations on safety and emergency preparedness

Rebecca Riola, daughter of Mr. and Mrs. Charles Riola of Cameron, participated in the Breads and Desserts Division of the Foods Show. The State 4-H Food Show is also part of the overall Roundup activities and held June 3, with judging beginning at 9 a.m.

The remainder of the competition began the following day, with some events starting as early as 6:30 a.m. Roundup headquarters was the Rudder Center.

Participating in the various contests were Mary Lee Graham in the Natural Resource Division. She is the daughter of Mr. and Mrs. Billy C. Graham of Thorndale. Brenda Westerman and Suzanne Sims, both of Thorndale participated in the Cooperative Demonstration. Brenda is the daughter of Mr. and Mrs. Ted Westerman, and Suzanne is the daughter of Mr. and Mrs. B. C. Sims.

Participating in the Foods and Nutrition Education Activity was Lorna Biar, daughter of Mr. and Mrs. Harold Biar of Thorndale. Participating in the Safety and Emergency Preparedness Demonstration was Michele Rodenbeck, daughter of Mr. and Mrs. Marvin Rodenbeck and Gayle Patschke, daughter of Mr. and Mrs. Ernest Patschke.

Tami Gray, daughter of Mr. and Mrs. Bud Gray participated in the Girls Public Speaking Contest.

Members of the Senior Entomology team were Rosemary Ehler, daughter of Mr. and Mrs. Frankie Ehler; Curtis Wise, son of Mrs. Joe Walzel; and Wayne Elley, son of Mrs. Herman Reineke, all of Cameron. The senior Dairy Judging team was composed of Carl Tomascik, son of Mr. and Mrs. Frank Tomascik; Leroy Stephens, son of Mr. and Mrs. Boyd Stephesn; Gery Hollas, son of Mrs. Hugo Hollas; and Peter Riola, son of Mr. and Mrs. Charles Riola.

According to Dr. Don Stormer, state 4-H and youth leader for the Texas Agricultural Extension Service, State 4-H Roundup is one of the oldest annula statewide 4-H events in the nation. In addition to the throngs of youth, it also brings together some 600 adults, including county Extension Agents, 4-H leaders, friends of 4-H, mass media representatives, contest donors, and members of the board of directors of the Texas 4-H Youth Development Foundation, the service organization of 4-H in the state.

Adults attending from Milam County included Mrs. Charles Riola, Mrs. Billy C. Graham, Mrs. Harold Biar, Mrs. Ted Westerman, Mr. and Mrs. Joe Walzel, Mr. and Mrs. Ernest Patschke, Mrs. Marvin Rodenheck, Boyd Stephens, and Kenneth Waits, Chris Holcombe, and Bill McCutchen.

Roundup activities officially got under way with an opening assembly at 5:30 p.m. on June 3 in the Rudder Center Auditorium. A special feature of the assembly was the introduction of Mrs. Jeanette Prosbasco of Longview, a national winner in the 4-H Alumni Recognition Program. Awards were presented to 10 individuals, businesses and organizations that have made outstanding contributions to 4-H. Ideal Hatchery and Poultry Breeding Farm, Inc., represented by Leo Fuchs and Monroe Fuchs received one of these Texas 4-H Youth Development Foundation Awards. Winners of ten $4,000 Houston Livestock Show and Rodeo Scholarships were also announced, and several other scholarship winners were presented.

Twenty-six outstanding 4-H adult leaders (two from each of the 13 Extension Service districts) were recognized at a luncheon on June 4. Boyd Stephens, of Rockdale, was honored as the outstanding man 4-H adult leader for District 10/ He was accompanied by his daughter Peggy, and her husband, Doug Roy.

Winners of the various contests and demonstrations along with the donors for the particular events, were honored at a special recognition program at 8 that evening in the Rudder Center Auditorium.

Obituaries

Sparks

Clyde J. Sparks, 61, of Rogers was found dead Monday morning in his home. Justice of the Peace Joe Harrison ruled death by natural causes.

Funeral was at 2:30 p.m. Tuesday in Gommert Funeral Home with the Rev. Shelby Jones officiating. Burial was in the Rogers Cemetery.

Mr. Sparks was a World War II veteran and was a member of the First Baptist Church.

Surviving are a son, C. J. Sparks of Temple; a daughter, Mrs. Dora Jean Delano of Temple; a brother, Barney Sparks of Rogers; a sister, Mrs. Dora Cobb of Rogers; and a grandson.

Dodson Promoted To Air Force Major

Captain Allen E. Dodson Jr. was recently selected for promotion to the rank of Major, U. S. Air Force.

He is being reassigned from Headquarters Aerospace Defense Command, Colorado Springs, Colo. to Maxwell AFB, Alabama where he will attend the Air Command and Staff College. Upon completion, Captain Dodson will serve as an advisor with the JUSMAGG in Tagau, Korea.

Captain Dodson, the son of Mr. and Mrs. Allen Dodson of Cameron, is a graduate of Yoe High School and received his bachelor degree from North Texas State University and his master's degree from the University of Northern Colorado.

His wife, Joan, is the daughter of Mr. and Mrs. H. L. Rice of Houston.

Bowdlerize is derived from Thomas Bowdler, and English editor of strict morals, who attempted to improve Shakespeare by removing all "improper" references.

State Farm offers the LOWEST RATES among the leading car insurers in Texas.

For most Texas drivers, State Farm has rates that are 15% less than the new rates set by the State. Why pay more than you have to? Call me for details.

If she has kept up with the course all term, she'll not flunk because of this nap. BUT—if she is counting on the midnight oil to pull her through the exam . . . Too bad!

You've heard of people being converted to Christianity on their deathbed. True! As Christ promised salvation to a penitent thief on the cross, so God's love reaches out even in the final hour to those who call on Him in faith.

But don't live your life on the dangerous principle that last-minute cramming will satisfy all your religious needs.

There will be millions of adults and children in church next Sunday. They are seeking spiritual truth, gaining Christian convictions . . . not because they need some religion to die with—because they need Faith to live by.

Model ASL18E3E 230/208 Volts
Powerful—will cool an entire open-plan living dining area*
• Sound Barrier design for quietness... Three cooling speeds—Super Cool (for "hurry-up" cooling), Normal and Lo Cool.
• Adjustable automatic thermostat... Air Exchanger to exhaust stale or smoky air... four-way air direction... dehumidifies as it cools.
• Important option: Prewired to accept MedicAir® Electronic Air Cleaner which removes up to 95% of pollutant particles and pollen from circulated air.
*Selection of model should be determined by actual heat gain calculation of area to be cooled. We will gladly make this calculation for you.
